Basic Information

- Place of Origin: China
- Brand Name: Hongbaiyi
- Certification: HPLC
- Model Number: HBY-Acetyl Tetrapeptide-2
- Minimum Order Quantity: 1-500g
- Price: Negotiable
- Packaging Details: 1-500g /plastic bottle
- Delivery Time: 3~5 days, upon receipt of payment
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 5000kg per month

Acetyl Tetrapeptide-2

Product Specification

- INCI Name: Acetyl Tetrapeptide-2
- Cas No.: 757942-88-4
- Recommended Use Level: 100-1000PPM
- Storage: Keep In Dark And Cool Dry Place (-5 To 8°C)
- Appearance: White To Off-white Powder
- Odor: Slightly Characteristic Odor
- Theoretical MW: 565.62
- Purity (HPLC): ≥95.0%
- Applications: Anti-inflammatory And Anti-age
- Function: Increases The Immuno-vigilance Of The Skin, Stimulates The Skin Immune Defenses Regenerate The Epidermal Profile, Providing A Powerfull Barrier Against External Factors. Boosts Skin Regeneration, Helping The Skin Regain Its Youthful Aspect.
- Highlight: **Anti Inflammatory Acetyl Tetrapeptide-2, Acetyl Tetrapeptide-2 Powder,**

Product Description

Anti-Inflammatory Cosmetic Peptide Acetyl Tetrapeptide-2 Cas 757942-88-4

Basic Information of Acetyl Tetrapeptide-2 Peptide:

INCI Name	Acetyl Tetrapeptide-2
Cas No.	757942-88-4
Recommended use level	100-1000PPM
Appearance	White to off-white powder
Purity (HPLC)	≥95.0%
Applications	Anti-inflammatory and anti-age
MOQ	1g
Storage	-5 to 8°C

What is Acetyl Tetrapeptide-2 Peptide?

Acetyl Tetrapeptide-2 is a synthetic peptide that is used in cosmetics to reduce the appearance of wrinkles and fine lines. It is also known as Palmitoyl Tetrapeptide-7.

Acetyl Tetrapeptide-2 works by stimulating collagen and elastin production, which are two proteins that are essential for maintaining the skin's elasticity and firmness. It also helps to reduce inflammation and protect the skin from damage.

Acetyl Tetrapeptide-2 is generally considered to be safe and well-tolerated. However, some people may experience skin irritation, redness, or itching. It is important to avoid using Acetyl Tetrapeptide-2 if you are pregnant or breastfeeding.

Acetyl Tetrapeptide-2 is typically used in concentrations of 0.1-1% in skincare products. It can be found in a variety of products, including serums, creams, and masks.

The benefits of using Acetyl Tetrapeptide-2:

- Reduces the appearance of wrinkles and fine lines
- Improves skin elasticity and firmness
- Reduces inflammation
- Protects the skin from damage
- Improves skin hydration
- Evens out skin tone
- Brightens the complexion

If you are looking for a way to reduce the appearance of wrinkles and fine lines, Acetyl Tetrapeptide-2 is a good option to consider. It is a safe and effective ingredient that can be found in a variety of skincare products.

Here are some examples of skincare products that contain Acetyl Tetrapeptide-2:

- The Ordinary Acetyl Tetrapeptide-2 for Skin 2%
- Paula's Choice CLINICAL 1% Retinol Treatment
- CeraVe Skin Renewing Night Cream
- Olay Regenerist Retinol24 Night Serum
- Neutrogena Hydro Boost Water Gel Moisturizer with Hyaluronic Acid

Please note that Acetyl Tetrapeptide-2 is not a miracle ingredient, and it will not erase all signs of aging. However, it can be a helpful addition to your skincare routine if you are looking to reduce the appearance of wrinkles and fine lines, improve your skin elasticity and firmness, and protect your skin from damage.
